OBJECTIVE

I have spent the last 3 years at Whole Foods Market building a robust and malleable skillset. Now I am looking to leverage my capabilities in the Web Development field. I have experience building clean and functional websites using an array of modern tools.

EDUCATION

Rice University Full-stack Bootcamp – Certification

University of Central Florida – B.A. in Cinema

KEY SKILLS

JavaScript
CSS
Bootstrap
jQuery
API

Projects

Trip Tunes – A web app that creates a custom playlist the same length as your trip. Built using JavaScript, JQuery, Foundation and multiple web APIs. <https://github.com/jessicamcg/trip-tunes>

Day Planner – A web app that lets users organize their workday with a color-coded and programmable hourly interface. Built using JavaScript, CSS and moment.js. <https://github.com/Nickm615/Homework-5-Day-Planner>

Experience

August 2020-August 2021
Specialty Buyer • Whole Foods Market

March 2020-August 2020
Bakery Team Member • Whole Foods Market
